

CELL DOGS **SERVICE DOG** **Training Program**

As part of our mission, Cell Dogs trains service dogs for veterans and first responders suffering from PTSD or other disabilities.

Getting the gift of a service dog is life changing! The generosity of donors enables us to provide a service dog, at a low cost, to a qualifying recipient.

We would love to hear from you if you, or someone you know, has unselfishly served our country and community and would like more information about our specially trained service dogs.

Would you, or someone you know benefit from a service dog?

Veterans and first responders are often extremely selfless, and believe someone other than themselves would be more deserving of a specially trained dog.

Please encourage them to contact us so we can discuss how we can best help them.

If you believe you would benefit from a service dog, please fill out a Service Dog Application on our website to be considered. <https://www.celldogs.org/adopt-a-dog/adoption-application/>

Once we receive your application, we will contact you to discuss the next steps to guide you through the process.

About our organization:

Cell Dogs rescues dogs from local shelters and enrolls them in basic obedience training programs. These classes take place in correctional facilities and actively involve inmate trainers.

Our canine graduates are either lovingly adopted as family pets or promoted to our advanced service dog training program.
